Angels are God's messengers who bring us guidance,
healing, comfort and love.

Learn to receive the healing power of the angels and then apply the gifts received to accomplish goals in daily life. Kimberly Marooney interacts with participants guiding them to clearly identify spiritual goals, and then provides tools that will support spiritual advancement toward that purpose.

- Experience the healing presence of God's love
- Receive answers from your heart to your most important questions
- Learn to use prayer, meditation and *Angel Blessings Cards* to find a deeper connection with God and the healing love you need
- Meet your healing angels

"It was like having a question and answer session with my heart."

-- Jesse Lopez
